• Remove FastReport packages installed from IDE. IDE menu -> Components -> Install Packages -> Remove "FastReport FMX" packages (6 dpks max) and "FastCube FMX" packages (2 dpks)

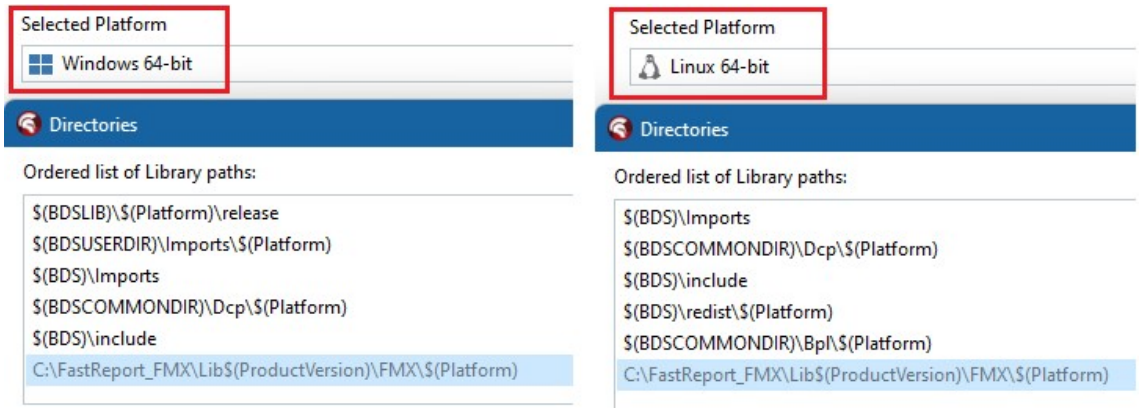

•At this point, you can remove or rename FastReport directory.

•Optionally, you can clean up the FastReport directories from the configuration options. Check install.txt file:

-Update "Tools - Options - language -> delphi -> libraries -> Library Path" (Win32, Win64, Linux).

-Update "Tools - Options - Environment Variables -> User Systems Overrides -> PATH variable"
